## Message from the Director

Dear Community:

These coldest months of the year are when we find ourselves indoors the most, which is a great time to refocus attention on reading, connecting, and learning new things. I invite you to do so at your Vernon Area Public Library this season. The outstanding staff are here for you, providing services and programs that inspire curiosity, help you to learn and grow, and help everyone to connect with each other.

We serve the entire community, from age 0 to 100+ and are open nearly 75 hours almost every week throughout the year. All library programs, reader recommendations tailored to each person's interests, and professional research and technology help are available at no additional cost to any community member. From storytime for infants to the annual One Book One Community series for adults, we serve everyone at the Vernon Area Public Library District.

In addition, I'd like to highlight some resources to enjoy this winter. Everyone knows that the library provides books in print (about 190,000 items here at Vernon Area), but did you know that you have access to an additional couple hundred thousand e-books and e-audiobooks through an app called Libby? You likely know that Vernon Area has DVDs and Blu-rays available to check out, but did you know that you have access to streaming movies and more through Kanopy and Hoopla apps? Or that you can borrow a Roku device that comes pre-loaded with a variety of domestic and international streaming services?

There is much to take advantage of at the library this winter. For more information on any of these resources, please stop by any service desk, call us at 847-634-3650 or contact me by email at [director@VAPLD.info](mailto:director@VAPLD.info).

Sincerely,

## Vernon Area Public Library

Now in its ninth year, this beloved annual series is an opportunity for readers from Vernon Area, Indian Trails, and Cook Memorial public libraries to join in a shared experience of literature. This year's selection is ***The Bandit Queens* by Parini Shroff**.

A young woman in rural India finds the false rumors that she killed her husband surprisingly useful—that is, until other women in the village start asking her to help them become “self-made widows,” too. For fans of *Interpreter of Maladies* by Jhumpa Lahiri or the TV series “Dead to Me,” *The Bandit Queens* is a razor-sharp tale of female friendship filled with clever criminals, second chances, and wry and witty women.

## Q&A WITH AUTHOR Parini Shroff

We had a chance to ask Parini a few questions:

Q: One of your MFA mentors, Elizabeth McCracken, called your book “a hilarious romp about serious things,” which is such a perfect way of putting it. Can you talk a bit about that?

A: Looking back, two things were happening in tandem: first, I was realizing proselytizing in my fiction was not

working, and secondly, there was a pandemic raging outside my door and I was desperate for some levity. So much of the writing process is accepting what is not working so that you may find what might.

While drafting this novel in 2020, I found humor, albeit dark humor, creeping into the pages. I’ve always loved reading and watching dark comedy and with this novel, I think all those influences crept in when I needed it the most for my own sanity. However, I initially rejected this approach as irreverent. I sought to respectfully and accurately address the scourges of domestic abuse, gender/religious/caste ostracization and patriarchy.

“... an original, memorable, and endearing story. At times deeply serious, then laugh-out-loud funny, Parini Shroff has written a sobering but hopeful exploration of womanhood, social injustices, and second chances. ”

—Charmaine Wilkerson

*New York Times* bestselling author of *Black Cake*

But the humor was insistent, and I eventually realized it could serve as a bolster, preventing the book from collapsing under its own weight. Rather than minimizing these timely issues, the humor was highlighting them. Satire is effective, I think, because it teaches while allowing an audience some comedic relief; and if you can educate and entertain, that goes a long way toward eradicating ignorance.

**Q: How do you approach the concept of widowhood in the novel?**

A: Widowhood in many countries including parts of India historically equates to doors closing on much of life: attire and ability and a whole myriad of opportunities in between. The idea that for these women widowhood, with all the restrictions it imposes, would be deemed preferable to life with a husband intrigued me. The novel is a twist on what we typically associate with widows—rather than grief there is freedom, rather than destitution there is self-reliance, and rather than isolation there is friendship.

**Q: There are a variety of ways invisibility plays a part in your book ... about who in society people don't pay attention to, so we'll ask this: Which character do you feel that readers overlook or underestimate?**

A: Khushi. It is my impression that for all the novel discusses caste and people have appreciated this exposure to the system, I'm rarely called upon to discuss Khushi's nuances as a character. The woman's a total badass. Given the myopic belief that handling corpses is "polluting" and therefore work for Dalits,

Khushi twists stigma and prejudice to her economic advantage, charging upper castes whatever she wishes. Much like Phoolan Devi, Khushi has the twice trodden disadvantage of not only being Dalit, but a Dalit woman. Corpse burning is seen as men's work, while women are often confined in purdah; therefore, that widowed Khushi assumes her husband's business to support her two sons despite her in-laws' objections is radical. And because she's out caste, unlike the other women in the novel, she finds her success without any help from the micro-loans. Phoolan Devi is of course a real historical figure, but I believe it's less known that Khushi's character is also based upon the very real and very fierce—though less famous—Yamuna Devi.

**Q: What's next for you? Is there another book on the way? A movie version of *Bandit Queens*?**

A: It would be lovely to see these characters come to life, but I'm very aware of how difficult and rare it is for an adaptation to come to fruition, as well as just how many wonderful stories are out there. That said, my fingers are crossed. To paraphrase the author Taylor Jenkins Reid: If my novel is my baby, the screen adaptation is my grandbaby. And I'd be honored to be a grandmother.

In the interim, I'm working on two novel manuscripts at the moment—I've never juggled like this before, but both stories have siren-called me and I'm happy to follow where they lead. 🌀

## We Speak Your Language

All are welcome here, and now patrons who speak other languages can feel more at home thanks to LanguageLine, a live interpretation service now available at the library. Using the telephone or video chat, library staff can immediately access an interpreter for any of 240 languages, including Hindi, Russian, Telugu, Tamil, Mongolian, Korean, Mandarin, and American Sign Language. Just ask at any desk.

## Popular Magazines, Paywall Free

A huge e-reading upgrade this summer added access to 300,000 new e-books and audiobooks — and something else, too: magazines! Log in to the Libby app with your library card for instant, anywhere access to favorites like *US Weekly*, *Star*, *The New Yorker*, *Woman's World*, *Cook's Illustrated*, *Prevention*, *New Scientist*, *The Week*, *National Geographic*, and magazines for kids like *Highlights*.

## Use It To Keep It

In Illinois, library cards that are unused for 3+ years must be deactivated and deleted. At Vernon Area, this annual cleanup happens in January. The good news is that to keep your card, all you need to do is use it by the end of the year! Visit the library and check something out. This will reset your status and restart the clock. Or log in at [VAPLD.info/account](http://VAPLD.info/account) using your library card number and PIN (usually the last 4 digits of the phone number that we have on file with your account).
